KEY INGREDIENTS & BENEFITS

This product is designed, developed, and crafted to meet the needs of oral care, especially for those wearing orthodontic appliances who require extra attention. We carefully select effective natural extracts and convenient functional features to help unlock your smile, keeping it bright and confident every day.

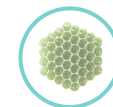

Prebiotics

Helps prevent tooth decay, tartar buildup, and bad breath^{8,9}

Postbiotics

Balances oral microbiota and controls bad breath⁴

Propolis Extract

Supports gum healing and fights bacteria and inflammation⁵

Zinc Lactate

Reduces plaque, gum inflammation, and bad breath^{1,2}

*Does not affect medical treatment.

*Read the warning on the label before use.

*Contains Propolis (a resin from bees).

*Neutral pH balances oral environment without harming orthodontic appliances.

FDA REGISTRATION NUMBER: 10-1-6800026131

CLEANING MOUSSE FOAM

Your Smile Is The KEY

Keeping your aligners clean prevents bacteria buildup, keeps them crystal clear, freshens your breath, protects oral health, and ensures the best results for your smile :)
